

High-Level program: Your Million Dollar Mission Valued at \$3997.00

This program starts on July 31st! This program is not necessarily about earning a million dollars. Although making millions of dollars is definitely possible if this is what you desire and I will definitely teach you what it takes, and YOU can decide how far you want to take it :-) The last couple of years, I made more than 2,5 million dollars with my mission, and if it's possible for me, it's possible for you too.

This program is all about up-leveling your level of service, shifting into your Soulfrequency and living, creating and serving from a place of love.

It's about becoming VISIBLE on an energetic level and about shining brighter than you ever did before.

It's about standing behind your message fully and OWNING it.

To really start FEELING the value of your message and of who you ARE.

To become that Powerful Creator, you already are on the inside.

To be super proud of who you are and what you do and to unapologetically. become this person

Module 1: Your Million euro Mindset & Consciousness.

You as a person do not change if you start receiving a lot of money, but your mindset does change! You are a God or Goddess! You have an amazing mission to share with the world, and this mission is a true gift and a true blessing to the people you are meant to serve.

The world is FILLED with possibilities, and it is a matter of shifting your mindset and consciousness to SEE and take advantage of those possibilities.

In this module, I will help you to shift into this mindset.

Do you know what an amazing affirmation is? "Everything I touch turns into gold." In this module, I will help you start making exactly the shift that you need to start actually living that as a truth.

In addition, I will share with you how you can make the shift from Ego to Soul. I have an overview of 18 points so that you know and feel whether you are acting from your Soul or your Ego (Or from Love or Fear.)

Module 2: What is your Million euro Mission?

Most people are MUCH too modest when it comes to their mission. Your Mission is worth GOLD. In this module, I want to let you discover that Gold within you.

We're going to look at what your mission is, but then the UPLEVELED version of it.

If your confidence would skyrocket, how would you communicate your Message with people? How would you FEEL?

At what level would you serve people?

What results will they get after working with you?

And what is the investment they pay you (And paying with LOVE!)

Bonus: Your Ideal Million Dollar Client. I will help you to become laser clear on how your Million Dollar Client looks like and how to attract them.

Module 3: Your Million Dollar offer.

We are going to look at all the valuable results that your customers get because of the transformation you that you help them get.

We will link a VALUE to this transformation so that you can easily uplevel your prices.

That does not mean that you cannot have a low-end offer. Certainly not. I have that too! But at a certain point, your customer comes to a stage in his or her development that an e-book or a low-end training will not get them to that next level.

That is why we are going to look at exactly what kind of journey your Million Dollar VIP Client makes and what kind of offer will get them the results they desire.

Module 4: Your Million Dollar Value & Price.

I'm going to teach you what it takes to offer packages of 2.3, 5 or 10,000 Dollars (or even more!).

I'm going to teach you how to look at this from a High-Level perspective.

What difference would it make in your life if you could sell 2 packages of 2 or 3000 dollars this week? (Or more?)

And what difference would it make if you could do that every week?

I'm going to teach you what it takes to develop a High-Value offer.

ALSO if you don't have a website or a list, I'm going to teach you exactly how to do this without having a website or a list.

Module 5: Million Dollar Marketing & Sales.

This module is all about Marketing & Sales. This is a SUPER difficult subject for many Mission Entrepreneurs. Because soul-centered entrepreneurs do not want to force themselves or force other people.

But there IS another way. There IS and way to see sales as love and to sell from a place of connection. In this module, I will teach you everything you need to know.

Bonus: Example of a sales PDF that you can use after your sales call so that people can say HELL YES to your offer!

Module 6: The Biggest Soul Mission & Money blocks transformed!

There are a lot of blocks that can stop a Soul-centered entrepreneur from making an abundant amount of money with their Soul Mission.

And it blocks them from having the confidence that they can do it, are worth it and have everything it takes.

Other blocks Powerful Creators can experience have to do with the fear of being overwhelmed, visible and/or criticized.

I am going to help you shift all these blocks so your true brilliance can come out even MORE.

ALL you need is a shift in consciousness

Module 7: Manifest your big goals and dreams.

Abraham Hicks always says it: it's the same whether you want to manifest a button or a castle. For the Universe and the Universal Laws of Creation, there is no difference in what it takes to manifest something we see as small or something we see as big.

But how does that work?

What is the shift you need to make to pull in your "Big goals?"

I will teach you all about it in this module.

Module 8: The keys to living your Million euro mission NOW.

So if you have ALL this clear? What are your next steps?

How are you going to show up from day today?

It sounds SO logical that you have to show up consistently in your business, but I still see very few people do this. They are NOT doing the work and keep searching for that "magic" pill.

In this module, I am going to teach you what it takes to show up in your business consistently and get the results you desire!

And you will receive my daily Biz and Marketing checklist so that you can create laser-focus on manifesting your success.

Bonus module: The - “From Low end to High end” Business model.

There isn't ONE business model that works for EVERY Soul-centered entrepreneur.

I have seen entrepreneurs that ONLY have a High-end Mastermind.

AND I met entrepreneurs that ONLY have a Low-end membership program. AND everything in between.

I LOVE the: “From Low end to High end” Business model.

I have made millions using this business model.

In this bonus module, I will teach you all about how this works, so you can see what resonates for you and what THE business model is for your Soul Centred business.

Bonus module: How to align with making money NOW?

If you follow this program, because you want to make a quantum jump with your income NOW, then this bonus is for you!

I teach you what it takes to make that quantum jump on a practical level AND on the level of consciousness.
